

WHY Choose Auben

With hundreds of millions of dollars of institutional capital transactions there are many reasons to choose Auben.

HERE ARE SEVERAL

1

Auben is the only company in Augusta whose management team has participated in the acquisition, renovation and property management of over 6000 single-family homes in the past 5 years.

2

Auben is the only real estate brokerage in Augusta named to the INC 5000 as one of the fastest growing companies in the country.

3

We act in your best interest! Auben's maintenance team is more than a dispatch unit and Auben is the only property management company in Augusta to offer partial hour maintenance billing.

4

Auben does not participate in "pay to play" for our preferred vendors. Our preferred vendors work for you and are selected because they are your best option -- not because they pay us!

5

Auben's unique pod-based structure allows our team members total focus to invest their time and energy in our properties, residents and owners to create thriving communities.

Come see how **partnering with owners** like you has allowed Auben to go from a start-up to the second largest single-family brokerage in Augusta in only 5 years.
